Allowable Subject Matter

1. The following is an examiner's statement of reasons for allowance:

The prior art fails to explicitly describe the limitation of mapping a single layer 3 address of said remote PE device in the VPN to one of the plurality of multiplexed layer two virtual circuits for communication with remote CE devices.

The previous Examiner's ground of rejection to the above disputed limitation was clarified as a misinterpretation from the Applicant's arguments.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
